

Gas Meter Proving

- DV Meter's facility has the capability to complete gas meter certifications on rommet, roots meter and gas turbines.
- Utilizing 2 certified dresser 5/M model provers.

Portable Master Metering

ABSA CERTIFIED PSV

- DV Meter houses 2 PSV testing set-ups and 1 vacuum prover.
- Service, sales and certification of PSV's, tank vent and PVRV and more.

Gravimetric Proving Bench

- Large gravimetric proving bench paired with a mag meter for accurate calibrations of all meters up to 10".
- Mag meters, vortex meters, coriolis meters, turbines and more.

Portable Volumetric Proving

- DV Meter holds a fleet of 6 portable volumetric provers, including one certified for B.C.

Portable Coriolis Master Metering

- DV Meter holds a high accuracy portable coriolis master metering set-up capable of proving meters up to 3" and pressures up to 1200 PSI.
- Including turbines, coriolis meters, truck out/in facilities.
- Portable and highly accurate water cut testing.

Valve & Actuator Assembly & Testing

- DV Meter has full capability and experience in assembly and full QAQC testing of a large variety of valve and actuator assembly. Also testing from 1" - 10".
- Including 5 test benches for 24 hour testing of self contained hydraulic ESD actuators.

Well Testing

- DV Meter holds 2 portable well testing units to complete all effluent well testing requirements.

Presco Testing

Rental Division

- DV Meter is an area leader in our rental fleet of pressure equipment.
- DV Meter houses a dedicated area for Hi pressure recorders and dead-weights up to 15,000 PSI.
- Rental fleet of bag meters for all your tank vent testing needs.
- Rental fleet of quanto meters.

Repair on Exchange Program

Repair On Exchange Program

- We have a quality exchange program where we take your used equipment, give you a certified replacement off the shelf immediately. We repair your item and bill accordingly to put the repaired item back on the shelf.
- Products available:
 - Roots and rommet gas meters
 - Floco F500/2500 PD meters and samplers
 - Invalco dump valves
 - Self-contained hydraulic ESD pumps
 - Texteam and other chemical injection pumps
